Tractebel is more than ever your engineering and advisory partner for realising sustainable, competitive and reliable projects – wherever they are.

“Together with our clients it’s our mission to shape the world of tomorrow, by providing them with first-class engineering and advisory services in energy, water & urban. Moreover, we want to play an active role in the world we live in by developing solutions to mitigate climate change and its effects and bringing electricity to everyone.”

At the helm of the Energy Transition, Tractebel provides a full range of services throughout the life cycle of its clients’ projects. As one of the world’s leading engineering and advisory companies and with more than 150 years of experience, we are able to offer our customers multidisciplinary solutions in energy, water and urban. Our broad range of expertise extends across Europe, Africa, Asia, Middle East and Latin America, allowing us to rise to our clients’ most demanding challenges with the same high-quality engineering and advisory services no matter where their projects are.

Tractebel’s position in the 2018 ENR Global Ranking *

** AREAS OF EXPERTISE **

- **ENERGY**
  - Renewables (Solar, Wind, Biomass)
  - Energy System Consultancy
  - Digital & Decentralised Energy
  - Hydropower
  - Nuclear
  - Thermal Energy
  - Transmission & Distribution
  - Gas & LNG

- **WATER**
  - Coasts & Estuaries
  - Reservoirs & Dams
  - Flood Protection
  - Water Transfer
  - Water Treatment and Supply
  - Irrigation
  - Dredging Consultancy
  - Offshore Infrastructures

- **URBAN**
  - Smart & Complex Buildings
  - Transport & Mobility
  - Urban Design & Master Planning
  - Energy Efficiency
  - Environmental & Social Program

* ENR: Engineering News-Record publishes rankings of the largest construction and engineering firms annually, measured by gross revenues. The rankings are generated from projects outside each firm’s respective home country.
Thanks to its networking structure and global approach, Tractebel can offer you multidisciplinary solutions, wherever you are located.

**ENTITIES**

1. Asia-Pacific  
2. Belgium & Central South Europe  
3. France, Africa & China  
4. Germany, Eurasia & Turkey  
5. Latin America  
6. Middle East & India  
7. Advisory & Advanced Analytics  
8. Research & Innovative Solutions

**BUSINESS LINES**

- **ENERGY**  
- **WATER**  
- **NUCLEAR**  
- **URBAN**

**KEY FIGURES**

- Presence in more than **70 COUNTRIES**  
- Projects developed in over **150 COUNTRIES**  
- **5,000 employees**  
- **€ 662 MILLION** turnover  
- More than **190 technical publications/year**  
- High Safety Standard: **Frequency Rate <1.5**

**PROJECT LIFE CYCLE**

Tractebel adds value throughout the complete cycle of a project:

- **STRATEGY**
  - Digital Tools  
  - Master Plans  
  - Roadmaps  
  - Technical & Regulatory Consultancy

- **PRE-INVESTMENT PHASE**
  - Basic Design  
  - Due Diligence  
  - Environmental Impact Assessment & Licensing  
  - Master Plans & Policy Studies
